TERMS & CONDITIONS GENERAL CONDITIONS (INCLUDING CANCELLATION)

THIS WARRANTY IS SUBJECT TO THE FOLLOWING CONDITIONS:

1. SERVICING

In order to maintain the validity of your warranty you must have the Vehicle serviced by a VAT registered repairer and look after the Vehicle in accordance with the manufacturer's Servicing Handbook and ensure that the manufacturer's recommended type, grade and quality of engine oil is used. To prove this you should make sure the garage fills in and stamps your Servicing Handbook. You should also keep all service invoices (which you must ensure detail the exact oil specification used) as you must verify that correct servicing has been completed when repairs are made under the warranty. You should also ensure that the cambelt is changed in line with manufacturer's recommendations (documented proof of this will be required in the event of a repair for cambelt failure). A maximum allowance of 30 days or 1,000 miles (whichever occurs first) in excess of the manufacturer's stipulated time or mileage for scheduled servicing is permitted.

2. PROCEDURE FOR REFUNDS AND RECOVERY OF REPAIR COSTS

You must follow our 30 day rules, If your vehicle develops a fault, contact the warranty company within 30 days. When Logging a New Claim, forward all requested documentation within 30 days of being notified. Acceptance of claims must be completed within 30 days of being notified. All other claims decisions must be acted upon within 30 days of notification, as failure to do so will result in non-reimbursement of your repair.

3. REPAIR AUTHORISATION

No repairs are to be commenced until we have given authorisation and issued an authorisation number.

4. INVESTIGATION COSTS

It is your responsibility to give the repairer permission to commence exploratory, investigation or dismantling work to establish the primary component failure and cause of the primary component failure and to pay the costs if such work proves that the fault is not

our responsibility. Any exploratory, investigation or dismantling costs will only be reimbursed if they are part of a valid repair.

5. USE OF ENGINEERS

We reserve the right to instruct an independent engineer to inspect your vehicle before authorising any repair. When this right is exercised we shall have no liability for any loss to you arising from any possible delay. Should you decide to give permission to the repairer to commence repairs, without authorisation being obtained from us, you do so in the full knowledge that we may not meet the cost of your valid repairs because you have denied us our right to inspect the vehicle prior to its repair.

6. CONTRIBUTION

It is not the intention, implied or otherwise, of the warranty to make new vehicles from old. Where replacement components are fitted to replace old worn components which have suffered a breakdown, this results in your vehicle being in a better condition than it was before the breakdown, so you are required to pay a contribution towards the cost of the repairs, up to the current market vehicle value or claim limit selected. For vehicles older than 6 years or with more than 60,000 recorded miles this warranty will provide cover based upon the limits detailed in the customer schedule and in accordance with the following table based upon vehicle age and mileage at time of failure.

Please note the maximum combined claims paid out cannot exceed the current market value of the vehicle, nor the claim limit selected (if applicable).

Contribution Scale: Age or Mileage

SUMMARY DETAILS GENERAL CONDITIONS (INCLUDING CANCELLATION)

Where a vehicle has high mileage for its age, the mileage will be used to determine the contribution scale that is applied to your claim. Where the vehicle has low mileage for its age, the age will be used to determine the contribution scale that is applied to your claim.

The repair contribution is applied to the net cost of repair excluding VAT.
